Eight-Acre Park Proposed For W'lake, McKeon Area

An eight-acre park site to meet recreation needs for both the new Westlake area and St. Francis Heights subdivision was proposed Wednesday by recreation commissioners in a joint meeting with the city council at Copperwood Lodge.

Director Dee Van Nest outlined the plan. Pointing out that the area west of Lake Merced boulevard and south of Alemany boulevard encompasses almost 60 per cent of Daly City's population, Van Nest said the large site could be utilized to best advantage of citizens in that area. There are presently no provisions for recreation sites in that area.

The proposal calls for purchase of four acres of Doelger property at $4000 each. Remaining four acres would be obtained without cost in plots of two acres each from Doelger and the Zita Corporation, under terms of annexation agreements.

The area planned for the park is just south of Westmoor high school and east of Skyline and is bounded by Belhaven avenue, Edgemont drive, Southgate avenue and Lakeside drive.

Community Center

Ven Nest said that the community center which Zita has promised to donate to the city could be erected on that firm's portion of the park, at approximately Belhaven and Lakeside.

Doelger's two-acre donation would adjoin the Zita property at approximately Edgemont and Belhaven. The city would then purchase four additional acres in the northernly section of the Doelger land.

Ven Nest said the eight acres is a "minimum amount of space" and that an additional one acre should be provided for off-street parking.

ASSUMING the duty of city finance director last week was George Watts, 39, controller for the city of Antioch the past five years. He succeeds Jerome Scharfman, who took a similar job at Torrance in southern California. Watts is a native of Salt Lake City and was graduated from University of Utah.

Landslide 'Yes' Vote Looms For CSM Bonds

Citizens of the San Mateo Junior College district go to the polls next Tuesday, October 15, to vote on the $5,900,000 bond issue to create a unified campus and acquire a North County site for future expansion.

Hundreds of citizens of the greater Daly City area and North Coastside compose a hard-hitting local committee which is making a personal appeal to every resident to cast a favorable vote on the proposal.

Peter Markovich, Mrs. Edward W. Goldkuhl and Vincent Murphy are leaders in the Daly City campaign, aided by parent-teacher groups and endorsements from scores of civic, fraternal and educational organizations who recognize the need for the critical facility.

Cites Hazards

In urging local citizens to cast their ballots next Tuesday in favor of the important college bond measure, Markovich pointed out that the college's present temporary quarters in hazardous fire-trap structures at Coyote Point are not only dangerous but completely inadequate.

"Eighty percent of the day students of the college," Markovich stated, "attend classes at Coyote Point. These flimsy, wooden buildings are just another stop-gap measure the college has had to endure in its 35-year search for a permanent home."

"The time has come," Markovich said, "for the fairminded folks of the district to come to aid of the only public-supported, tutition-free college in the county. The school provides the means for all youngsters, particularly those from modest income families, to continue their education after graduating from high school.

"If it were not for the fact that our district college educational facilities are free to all without charge, many of the deserving young people residing here would be deprived of the advantages of higher learning which is so vitally important in today's highly competitive business and professional world."

First Attempt

This is the first time the college has ever had a bond issue on the ballot. It has no bonded indebtedness.

Planners Clear Way For $5 Million Apartments

Caesar - Callan company's plans for a $5½ million apartment development off Junipero Serra boulevard came a step nearer reality Tuesday when the planning commission approved two variances sought by the builders.

Planners said they would go along with the firm's request to reduce sidewalks from the required 15 feet to 6 feet. The commission also granted request to reduce off-street parking requirements. Under ordinance, a garage must be provided for every apartment unit. Caesar-Callan plans to construct 78 garages for every 100 homes in the 381 unit development.

The vast project will be bounded by 89th, 91st, Edgeworth and Sullivan streets in the 75 Dollar Homestead.

In other action Tuesday, the planners:

1. Continued to November 19 request of Henry Doelger for R-3 zoning at end of Fairlawn court on Southgate. On file was a petition protesting the zoning classification, signed by 120 Westlake residents, who object to apartments adjacent to single family dwellings.

2. Continued to November 19 petition of Vincent Merlo for apartment zoning on Vendome street in the Hillcrest tract. Some 44 residents, in a petition submitted to planners, protested the proposed zoning change.

3. Took no action on tentative map of Mike Callan's 21-acre subdivision adjoining Westmoor High school.

4. Postponed to November 19 action on request of West Coast Advertising to erect billboard on Junipero Serra boulevard just north of School street.

5. Continued request for C-1 zoning on Zanone and Schenone lands.

6. Granted Westlake Lutheran church use permit to construct new edifice on Avalon drive.

7. Established November 19 as date for hearing on request of J. Holm for variance to reduce setback requirements on homes to be built on Lots 15 through 24, Block 33, on Bellevue avenue.

Council Selection Stymied Again As 2 Fail To Show At Special Meet

SKYLINE TRAFFIC

WIA Appeals To Knight

Assemblyman Lou Francis said today that he has arranged a 3 p.m. appointment with Gov. Goodwin Knight next Tuesday for the Westlake traffic committee delegation. Francis also has been guaranteed a meeting with the highway commission immediately after the conference with the governor.

An angry overflow crowd of Westlake homeowners Monday night decided to hurdle the customary red tape and go directly to Gov. Goodwin Knight for immediate action on the "death trap" Westmoor and Westridge intersections with Skyline.

The explosive session, featuring constant challenges of statements made by two representatives of the division of highways, was climaxed by appointment of a five-member committee to make the protest trek to Sacramento. The contingent hopes to "corner" the governor in a special hearing next week.

Unanimous Backing

Cass Norton, Westlake Subdivision Improvement Association president, and Ed Murphy, joint traffic committee chairman, spurred the audience to unanimous approval of the "in person" invasion of the state capital.

Assemblyman Lou Francis, one of many political personages present, pledged "full support to remedy the situation." Francis, admitting he had many grievances against the state division of highways, hinted that the latter organization might reconsider its stand if enough pressure were applied.

The uproar began early in the meeting when J. A. Spence and J. F. O'Shea, engineers in the District 4 office of the highway division, reported on their recommendations for Westmoor and Westridge.

Not Westmoor?

O'Shea said that his office, after authoritative surveys, would recommend a traffic signal for Westridge, but "statistics show that the same type of device is not warranted for Westmoor."

Murphy quickly reminded the pair that the WSIA traffic committee last month ruled out signals at the two dangerous intersections as "inadequate."

"We want an underpass at Westridge and a cloverleaf arrangement at Westmoor," Murphy blurted. "We've been after you people for months now and still no results."

Spence replied that his office's survey showed that the Westmoor-Skyline situation was not extreme enough to warrant signals.

Matter of Priority

"And how can you justify an underpass if signals aren't even warranted," Spence added. "I don't think your problems at these intersections are as bad as others I've heard about in the area covered by our department.

"We use a nationwide formula on traffic control improvements," Spence went on. "And priority and finance also must be considered. We certainly would like to see you get the signals, but surveys don't justify them at both Westmoor and Westridge."

Several members of the audience, most of them with children who have to cross the fog-shrouded intersections, then joined the battle. The homeowners challenged the reliability of the survey. More than one charged that the state might possibly change its mind if "a few more children are injured and killed" on Skyline.

School Chairman

Hartley Appleton, association attorney and elementary school board chairman, then took over.

"We've been after the state too long for traffic control up on Skyline. Do you actually realize that we've got 1000 school children crossing there daily? They are transported in buses now—and even this is dangerous. Next February, all these elementary kids will be walking across Skyline to the new Vista Mar school. We'll have more doing the same once a new school is built south of Westmoor and east of Skyline."

"The school district—if we had funds—would even build an underpass to guarantee the safety of these youngsters. But being on state aid, I'm sure the state wouldn't give us the funds."

Appleton and Murphy then recalled that builder Henry Doelger had set aside land for and was willing to provide the right of way for traffic control improvements, but this was rejected by the state.

Spence countered that he had never heard of such a proposal.

Estimates Cost

As for the signals, Spence estimated they would cost only about $15,000, while one underpass would run almost $150,000 or $200,000, he said.

Norton, who worked tirelessly with the association committee years ago for other traffic safety measures in Westlake, then cited the complications of red tape in "getting the message home to the bosses in Sacramento."

O'Shea summed up his position by suggesting that the Westlakers "go higher" with their protest. "We aren't the final authority. You can get a hearing before the highway commission."

Assemblyman Francis again reminded that the state admitted its mistake on its first survey regarding signals on Alemany in Westlake. "We demanded a re-survey, and we finally got the signals. I think if you work through your city council and carry this to Sacramento you'll get new consideration."

Council Support

City Manager Howard Stites, voicing the city's willingness to the campaign, cited official lengthy correspondence from the council to the state division of highways, dating back to early in 1956.

"We have the funds to pay for one-half of the project, and I can guarantee our support," Stites said.

Councilman Del Wilson said he would push the matter at the next council session.

Other dignitaries on hand to offer encouragement were Congressman J. Arthur Younger and Assemblyman Carl Britschgi, 26th District.

Younger said he had no jurisdiction in the matter, but urged the association to work through the city council and the local assemblyman.

Making the Sacramento trip will be a committee of Murphy, Norton, Wilson, Bill Silva and Frank Hagerty.

Two Votes Could Have Swung Issue

Asian flu and/or simple arithmetic prevented the city council from naming a fifth member Wednesday night.

Only councilmen Micheal De Benardi and Del Wilson, showed up for the meeting, one shy of the necessary quorum of three.

Mayor Joseph Verducci was reportedly home with the flu but had planned on showing up briefly Wednesday to vote on the council appointment. Sanford Vickers was called for work unexpectedly by the Southern Pacific, where he works as an engineer.

Had Verducci appeared at the meeting, it would have made the guorum and created a situation where two votes could have swung the long-deadlocked appointment issue. It is believed that De Bernardi had a proposal that would have been acceptable to Wilson.

Verducci stayed home.

Verducci left work Wednesday afternoon at San Francisco State college, feeling ill. He was reported home in bed this Thursday morning, and it still was not known whether he would be able to attend the second extra session.

The delay forced the council to adjourn again until this Thursday night, since final deadline for the appointment is Monday. The council hoped to make the appointment this week, fearing that an impasse Monday would force the issue to an election.

Wednesday's situation marked the first time in more than five years that the council was unable to meet because of lack of quorum.

City Clerk Evelyn Mosman sent notices to each councilman by special messenger yesterday advising them of the second special meeting last night.

An audience of some 25 persons were disappointed Wednesday as they turned out to hear who would succeed former councilman Paul Hupf, who resigned to become city attorney.

The political scramble to fill the fifth seat has been in progress more than a month and, as was obvious Wednesday, the council is not much closer to a decision than it was when it started.

JC Chief Rips Foes On Bonds

The self-styled "Committee Of Facts," a six-member unit opposing the College of San Mateo's critical $5,900,000 bond issue at the polls next Tuesday was literally ripped to shreds Monday night here by Dr. Julio Bortolazzo, president of the college.

Branding the "last-minute attempt of this minority group" as the "worst falsification of the truth I've experienced as an educator in 20 years," Bortolazzo convinced a standing-room-only throng at the WSIA meet that the oppositionists were "reversing the facts."

Counters Propaganda

Scheduled as a guest speaker to explain the need for a "yes" vote, the college president was forced to counter the "propaganda" being circulated by the questionable "Committee."

Bortolazzo made his authoritative rebuttal after William Romaine Jr., representing the "eleventh hour" dissenters, asked for time to present his group's argument against the bonds.

Cass Norton, association president, granted the request.

Romaine, somewhat vague in specifics but maintaining his "facts" were correct, said that "hundreds of citizens were behind his committee. Only six persons are listed on brochures being distributed, however.

The Charges

The opposition spokeman cited, in general, the rise in the cost of living, "unnecessary expenditure of a $9.5 million for a $6 million project," and "the foolishness of voting for an unnecessary plant located in an inaccessible area."

Allocations Board Nixes SF Protest On Pershing Site

The State Allocations Board Monday refused to grant San Francisco a new hearing to protest the inclusion of three acres of SF land in Jefferson Elementary school district's 10-acre site for the Gen. Pershing school.

This was the message from Supt. H. Z. Weibel who attended the meeting in Los Angeles. Weibel's report indicated the Allocations Board, however, still left the matter of deciding if funds for the full site should be released in the lap of John Peirce, state finance chief.

Peirce previously had announced that no funds would be forthcoming until both SF and the Daly City district arrived at an agreement.

Asst. Supt. David Shapiro said he learned later this week that the Allocations Board on Monday also granted the JESD funds for the seven classroom additions to Benjamin Franklin school.

County Probe In Hands Of Judge Aylett Cotton

Superior Judge Aylett Cotton is in the process of reviewing San Mateo county grand jury transcripts to determine if there is sufficient evidence to try five county supervisors and the county manager for willful misconduct in office.

Attorney Girard Wagstaffe, representing the accused county officials, filed a motion attacking the sufficiency of the charges with the superior court this week.

Superior Judge Louis B. Dematteis assigned the case to Judge Cotton, pointing out that he should not hear the case himself because of his close associations with supervisors during his term as district attorney.

The county officials ouster from office is sought by the grand jury, which charges them with "willful misconduct" in failure to properly supervise expenditures of large amounts of road department funds.

The accused were scheduled to appear in superior court this Friday to answer the charges, but Wagstaffe's motion will have the effect of suspending all action until Cotton rules on the defense pleading. Should the judge find sufficient evidence to bring the case to trial, supervisors and County Manager E. R. Stallings will be battling for their careers in office. If the grand jury's charges are upheld, all six will face removal from office.

Judge Cotton is also considering another grand jury-supervisors matter. The inquiry group has asked an additional $5000 from the county's unbudgeted reserves to pay for further investigation of the county supervisors.

The supervisors have said they would be willing to allocate the additional funds if Judge Cotton approved the outlay.

Last week the jury asked to take $750 out of its travel expenses and transfer it to a fund hiring investigators. Monday night the jurors decided they needed $5000 for a secret investigation, not $750.

Daly City 'Blackout' As Truck Hits Line

Portions of Daly City suffered a "blackout" for about a half hour Monday morning when a PG&E transmission line in San Francisco was disabled by a wayward truck.

Approximately 1000 Daly City homes in eastern Daly City were without power from 10 to 10:30 a.m.

PG&E officials said a truck hit a service drop in San Francisco, flipping a piece of material against the transmission line serving Daly City.

Four City Jobs Exam Dates Set

Examination dates for four new city positions were approved by the personnel board Tuesday, but adoption of new civil service rules and regulations was put off until next Tuesday.

The board established the following examination dates: engineering draftsman, $469-$544, November 19; public works inspector - surveyor, $469-$544, November 20; deputy city clerk, $317-$368, November 21; police dispatcher clerk, $344-$385, November 23. Deadline for filing on all of the jobs is November 9.

The lengthy agenda was not completed until 10:30 p.m., forcing the board to postpone decision on rules and regulations until next week.

In other action, the board:

1. Decided to eliminate Saturdays and holidays from the switchboard operator's schedule after learning that there were not sufficient calls on these days to warrant the extra salary expenditure.

2. Discussed possibility of reclassifying billing machine operator to higher salary category because of scope of the work.

3. Called for report on upgrading class of clerk in city

Suicide Attempt Foiled By Police

A young Daly City mother, separated from her husband, allegedly attempted suicide here Wednesday afternoon by turning on the gas jets in her kitchen.

Police halted the try when they invaded the fume-filled house at 185 Santa Cruz avenue. They were tipped off by the despondent woman's mother, who phoned from Oakland.

Mary Jane De Bay, 27, was taken to Community hospital for observation. Her son was placed in custody of his grandmother.

Broadmoor Cops Get Own Radio, Cut DC Revenue

Broadmoor police department is awaiting approval of its radio license from federal communications commission in Washington, D. C., and will abandon Daly City police radio service about November 1, Chief Ray Savage said today.

Broadmoor's switch from Daly City service to its own will cut Daly City revenue about $1800 this fiscal year.

Broadmoor had been paying Daly City about $100 a month for the radio hook-up up to August 1, when the city doubled the fee to $200 in an effort to increase revenue.

Broadmoor promptly announced its intention to acquire its own radio equipment and frequency. Savage said the installation, including contract with an answering service to handle night calls, will cost the Broadmoor department $1500 the first year, some $900 less than they would have had to pay Daly City.

Under the new system, Broadmoor will operate its radio during the daytime and will have night calls relayed to patrol cars by the answering service.

Broadmoor has been paying Daly City the $200 a month since August 1, which means that the city will realize $600 revenue from Broadmoor this year instead of the anticipated $2400.

Broadmoor Cops Get Own Radio; Cut DC Revenue

(Continued from Page 1)

Daly City officials had contended that Broadmoor could not afford to operate its own radio set-up, since they believed it would require hiring of a radio operator 24 hours a day.

Savage said the radio installation would "allow us to give Broadmoor residents better service.'

SF Painter Dies After Fall Here

A 62-year-old San Francisco painter died here Friday a few minutes after he fell two stories to the sidewalk from a painting scaffold on Mission street.

Sol Sabel, 310 20th avenue, was the victim. The painting contractor, Moe Plansky, said one of the overhead hooks holding the scaffold gave way to cause the mishap. Another painter, already on the scaffold, clung to the ropes on his end to prevent himself from falling.

The accident occurred in front of 6161 Mission street.

Has Anyone Spotted A Numismatist Here?

Daly City police today are pressing a search for a numismatist.

It means a coin collector or the burglar who took $500 worth of valuable U. S. and foreign coins from the home of N. Scoma, 298 Los Banos avenue.

Scoma, 45, an iron worker, reported the loss Friday. He believes the lock on the basement door was picked for entry.

Amount of the haul makes it grand theft, police said.

The bartender flunked a sobriety test but refused to take a blood test.

Police League Ring Candidates Lag In Numbers

Daly City's Police Athletic League directors are beginning to wonder if local youngsters are really interested in the group's planned activities.

Only five youths have signed up since last Friday's call for boxing candidates for the big PAL ring tournament this fall. Applications are available at the police station, 75 Wellington avenue.

"We're anxious to sign many boys immediatley," said John Coleman, PAL president. "Remember, we'll offer boxing lessons prior to the tourney."

The PAL board is awaiting a decision from the high school district for use of Jefferson's gymnasium.

Coleman also said a touch-tackle team of lads in the 11 to 14 age bracket will be formed if interest is sufficient.

Then said Jesus, Father, forgive them; for they know not what they do... — (St. Luke 23, 24.)

Do you ever find it hard in your heart to forgive anyone? Do you sometimes find it hard even to forgive yourself?... On the Cross, Christ Jesus asked God to forgive those who were crucifying Him — for the Eternal God of Love and Mercy *will* forgive — and He hears even the smallest prayer.

Eight-Acre Park Proposed For Westlake, McKeon Area

(Continued from Page 1)

'Parklets'

Van Nest conceded that smaller "parklets" would be desirable but declared that the Jefferson Elementary School district, which has several school sites planned for the Westlake-St. Francis area, has agreed to allow use of school land for recreation. "In this way, the individual neighborhood recreation problem will be met," Van Nest said.

Councilman De Bernardi felt that the area west of Skyline, the Palisades, was being neglected, since children would have to cross the highway to reach the main park. He agreed, however, to "proceed with the present plan and try to develop alternate ideas for the Palisades."

Councilman Del Wilson said he "liked the layout very much" but thought it might be better to have the park adjoining a school site.

Both the council and recreation commission were meeting at half strength, as only De Bernardi and Wilson represented the council, Ann Eason and Ed Cavagnaro the commission.

JC CHIEF RIPS FOES ON BONDS

(Continued from Page 1)

Romaine added that tax rates, if the bonds were passed, would jump $1 over the current 36 cents per $100 valuation. He said that expansion of the present Delaware campus would be more feasible for taxpayers. He labeled the unified campus idea a move for a "dream school" and cited junior college trustees for "willful violation of the duties of office."

Bortolazzo, pointing out that Romaine's group "has been against everything," said none of the gentleman's facts were true or justified.

"The present tax for our JC operation this year is 36 cents per $100 of assessed valuation," Bortolazzo began. "If the bonds go through, the added tax rate will be 11 cents per $100 for the first year. However, by 1967 many of the bonds would have been redeemed, and the tax would only need to be 6 cents per $100 to pay bond interest and principal.

"By 1967, if a second campus in the north is financed by issuing a new bond issue of $7 million, the total tax rate for both issues wiuld be 16 cents per $100.

"Thus the total JC tax, currently 36 cents, would be hiked to only about 51 cents in 1967 to cover both bond programs."

"The board is definitely committed by this bond issue for the unified campus and the north county site," continued Bortolazzo. "If we don't get a yes at the polls, your children will be turned away by 1961. With approval, we will proceed to immediately buy a north county site. We'll build as soon as possible, probably between 1964 and 1968. A committee of your citizens (north county) right now is working with our trustees for a site up this way."

"Delaware campus expansion or multi-storied buldings are ridiculous," he added. "We can afford to pay $5000 an acre for new land. Delaware additions would mean some $77,500 per acre."

"Trustees and the citizens have spent nine months and exhaustive meetings studying our needs," Bortolazzo went on. "We're actually saving the district money, and we know we have the facts. How can anyone question the integrity of the board and citizens? Just look at the names of the people on our side—all prominent and civic minded."

"Our north county college is a definite commitment in the county master plan. It will serve all of greater Daly City the North Coastside, Brisbane and Bayshore. It is not an 'aborted' college. Most of our students now come from the south end of the county. But the population boom up this way necessitates the north county site move now."

"Apparently these people (the minority of six) don't want the facts. Everything they have said against the bonds is false," Bortolazzo concluded.

Membership on the "Committee Of Facts" is limited to three men from Hillsborough, two from San Mateo and one from Burlingame, Bortolazzo reminded the crowd.

An average of 31,490 drivers per month are restricted in their driving privilege for various reasons by the State Department of Motor Vehicles.

Landslide 'Yes' Vote Looms For CSM Bonds

(Continued from Page 1)

Mrs. Goldkuhl, another strong supporter of the Tuesday college bond voting, pointed out that college trustees have insisted that all building plans for the proposed new campus must be designed with emphasis on economy and low maintenance cost.

"Gingerbreading and all the unnecessary frills found on many public structures have been completely eliminated from the initial building sketches for the new campus," Mrs. Goldkuhl said.

"Furthermore," she stressed, "there will be no costly stadium nor expensive auditorium. The college is being planned for one purpose and that is to provide classrooms to give our youngsters the knowledge and skills they will need in later years—so that they may have a fuller and happier life."

Mrs. Goldkuhl said that the polling places in the Daly City area would be open from 7 a.m. to 7 p.m. next Tuesday. She said that practically all residents here will find that their polling place is usually the school nearest to their homes.

W'MOOR, JEFF EYE HISTORIC GRID OPENER

Daly City's greatest football rivalry will be born this Friday when Jefferson and Westmoor battle for the first time in Peninsula League competition.

The titanic between the town rivals begins at 3 o'clock on the Jeff gridiron. The odds are about even as both squads will be after their first loop victory.

Injury-weakened Jeff fell to invading San Mateo last week, 19-6, while Westmoor was stung, 55-7, by uncontrollable Capuchino at San Bruno.

Four Sidelined

Joe McGrath's Indians opened minus three first stringers and a key linebacker. QB Paul Tapia, RH Sonny Martinez, RG Neil Dunsford and full back linebacker Herb Dirkes sat on the sidelines. If these four are ready this Friday, Jeff could break into the win column.

Matisi, describing Capuchino as "one of the better high school teams I've seen," wasn't too disappointed with his Rams. was 100 percent improved off their 6-0 nod over Willow Glen.

"Cap has a mighty fine squad," Matisi reviewed. "I think pass defense might be their weakness, though. I've seen all our future opponents and only Burlingame looks like a threat to Cap."

Good Recovery

Matisi figures his boys will bounce back despite the overwhelming setback. Team morale is good, and the head man is giving his reserves more opportunity to play. When Cap got to a 28-0 halftime lead, Matisi substituted freely, realizing victory was out of sight.

Lone casualty in the Westmoor ranks was the loss of reserve end Bob Woodworth. The lanky terminal broke his leg when he was hit while going downfield on a punt.

The Rams will be ready for many passes this Friday if Tapia is in the Jeff lineup. Martinez could be a spoiler. He's a 10-flat halfback.

Dave Simons, Westmoor QB, also can go upstairs. Matisi, however, has the manpower for a strong running game. And his backs are much healthier than McGrath's.

Prep Frosh Elevens Open PL Competition

The freshman football teams of Jefferson and Westmoor opened Peninsula League warfare this Thursday as THE RECORD went to press.

Bob Watt took his Indians to Burlingame, while Rod Losberger's young Rams entertained South San Francisco.

Results will be published next week.

Ram JV's Fall, 20-6

Westmoor's junior varsity football squad suffered a 20-6 setback Monday when they invaded South San Francisco for their first Peninsula League engagement.

OBITUARIES

Andrew Schermerhorn

Andrew H. Schermerhorn, 44, engineer for a shipping company, died Monday from injuries suffered in an automobile accident in Marin county. He lived here at 279 Los Banos avenue.

His only known survivors are two brothers, William and Bill.

Requiem mass was scheduled this Thursday morning, followed by interment at Holly Cross cemetery.

Catherine Braun

Funeral services Tuesday paid final tribute to Mrs. Catherine L. Braun, who lived at 124 Station avenue. She died here Saturday, at the age of 36, after a short illness.

She is survived by her husband, George, and two sons, Daniel and George Jr.

This winter don't let bad weather tie you down

a dryer will set you free!

You *can* do something about the weather. You can get an automatic clothes dryer and wash and dry *any* time you please. This all-weather convenience means your washing doesn't pile up waiting for the first clear day. No more pins, lines and numb fingers . . . that's the life with an automatic dryer.

What'll a dryer do to your P. G. and E. bill?

It's hard to say right to the penny because it depends on the dryer and how often you wash. But you can be sure any dryer will operate on just a few pennies a load because *gas and electricity are cheap in California.*

Laundry dries better any time... with an automatic dryer!

A 'YES' FOR COLLEGE BONDS

Voters in this area will be called on next Tuesday to make an important decision for the future of the College of San Mateo.

They will be asked to mark the ballot with a "Yes" or "No" on a $5,900,000 bond issue. These funds will go to provide a permanent, unified campus in the central part of the college district and to acquire immediately a site for a college to be built later in the northern part of the district

Doings of the college district have often times seemed far removed from the north county. But at stake with this bond issue is a campus for north county residents, a facility that will bring higher education within reach of graduates from the Jefferson High School district.

Trustees and administrators of the college district have unequivocally announced that a portion of this bond money will go towards acquisition of a north county site.

And the maximum increase in taxes to repay the bonds will be 11 cents per $100 valuation, according to the college officials. This refutes the trumped-up report of the so-called "Committee on Facts," which charged that redemption of the bonds would raise taxes some $1 per $100 valuation.

The "against-everything" committee, boasting "hundreds" of members but listing only six persons on its letterhead, was roundly rebuffed by college president Julio Bortolazzo Monday night at the meeting of a local improvement association.

College presidents usually being among a circumspect group, we are confident that Bortolazzo knows whereof he speaks in his strongly-worded rebuttal to the "Committee on Facts."

There are only two choices on the ballot next Tuesday—"Yes" or "No."

We recommend a "Yes" on college bonds.

Fall Off Bicycle Hospitalizes Boy, 7

A Westlake school student, 7, suffered a mild concussion Monday afternoon when he fell off his bike in front of 231 Wilshire avenue.

James L. Dunne, son of Mr. and Mrs. William J. Dunne, 129 Westdale avenue, was held overnight at St. Joseph's hospital for observation.

Seal Rocks, about 130 yards offshore from the Cliff House at San Francisco, is the favorite haunt of a colony of sea lions.

Highway Patrol Lists Its Phone For 'Emergencies'

Phone Zenith 1-2000 to report traffic emergencies to the California Highway Patrol.

"The Patrol's emergency telephone number is for reporting traffic accidents, blocked highways, and other such emergencies only," declared B. R. Caldwell, Patrol commissioner. "Zenith 1-2000 cannot be dialed but requires calling the operator who will give you the nearest Patrol office.

"Non-emergency calls, such as requests for road and weather conditions, assistance in locating lost persons, and requests for other than emergency services, are to be phoned on the regular number assigned to each Patrol office," Caldwell stated. "Calls on Zenith 1-2000 which are not of an emergency nature tend to delay true emergency calls frequently necessary to save a life.

"The emergency number is toll free and will put the caller in touch with the Highway Patrol office nearest the location from which the call originates," he concluded. "Remember, when reporting true emergencies by phone in rural areas, dial the operator and ask for Zenith 1-2000.

"Do not use this number for routine calls."

9 Local Residents To Aid JC Trustees In Choosing New Site

Michael C. Callan, Julian D. Cohn, Mrs. Foriest Cunningham, Edwin J. Dennis, Mrs. Howard Dunbar, Cass Norton, Victor Sariotti, and Hugh Smith, of Daly City; and Kenneth Brugge, of Colma, were appointed as members of a special Citizens Advisory Committee of 33 members by the board of trustees of the San Mateo Junior College District last Friday.

This advisory committee will assist the board in the selection of a north county college site. Acquisition of a site of not less than 85 usable acres for a north county campus was recommended by the Citizens Advisory Committee in its July report to the board of trustees. The board unanimously accepted this recommendation as part of the master plan for the college district.

Other members of the special advisory committee appointed on October 4 are:

Mrs. Nita Buchanan, Robert Hale, and Mrs. Kay Kirkland, of Sharp Park; Fred Ballew, of Linda Mar; Frank Corcoran, of Pedro Valley; Daniel G. Barry, of Bayshore; Louis Duncan, of Brisbane; Murray Malanca, of Brentwood (South San Francisco); Maurice Hamilton, Wayne Kingsbury, H. C. Larson, John R. McClurg, and Edward Simons, of San Bruno; Stanley Bergen, Mrs. Helen Brendlin, Walter Christianson, Tony Rossi, and Mrs. Norman Whiteley, of Millbrae; Mrs. Allen Beaumont and Clarence Rusch, of Burlingame; F. J. Van Stralen, of Hillsborough; Mrs. Emily Skolnick and Robert F. Wisnom, of San Mateo; and Teseo Tesi, of Half Moon Bay.

The board of trustees has included $600,000 for acquisition of a north county site in the $5,900,000 bond proposal to be considered by voters of the district next Tuesday.

INDICATING his support of the October 15 College of San Mateo bond issue are the two "Vote Yes" posters worn fore and aft by 2½-year-old Karl Hartmetz. He wants to be sure there will be room for him when he is ready for college later on. Karl leads his parents toward the polls in a rehearsal of next Tuesday's voting. The youngster's father is a pretheology student at the college and his mother is a 1952 graduate. Passage of the critically needed bonds will unify the college on a centrally-located campus and provide for the acquisition of a North County campus site for future development.

JOSEPH SARTO, long time north county resident and civic leader, and Hugh Smith, president of the Daly City Chamber of Commerce, are shown above with Mrs. Eleanor Nettle, president of the College of San Mateo board of trustees. The Daly City Chamber is joining with other local groups in campaigning for passage of the $5,900,000 college bond issue next Tuesday. The bonds will unify the college on central campus and provide for the acquisition of a north county site for future development.

FIRE FIGHTERS BREAK BREAD TO PREPARE FOR 'PREVENTION' WEEK

San Mateo County' Fire Prevention campaign was launched last week with a luncheon meeting attended by representatives from all fire departments in San Mateo county. Guest speaker for the occasion was Frank C. Colridge, manager-secretary of the Board of Underwriters' of the Pacific. The event, which is instituted and sponsored each year by Sigmund Arndt, chairman, president of Hillsdale Shopping Center's Security Insurance Agency, is designed to organize Fire Prevention activities during National Fire Prevention Week which this year is October 7-14.

In addition to sponsoring the kick-off luncheon, Security Insurance Agency provides Fire Prevention calendars to industrial firms throughout the county. Each of these calendars is imprinted with the local Fire Department phone numbers for emergency purposes.

The luncheon, which was attended by over 150 Fire Prevention officials, political figures, members of the Press and guests, provided an inspiration for the Insurance Agents association's activities in the furtherance of Fire Prevention in cooperation with the duly appointed members of the various Fire Departments.

W'moor Art Students Attend SF Festival

Students in Westmoor High's art classes enjoyed a trip to the San Francisco Art Festival last week, an excursion curtailed slightly by rain.

FIRE PREVENTION week, October 7-14, was the topic of the day at recent luncheon meeting attended by representatives from all fire departments in San Mateo county. Pictured here are: Sigmund Arndt, chairman of the fire prevention group; Arthur Fox, South San Francisco captain, Frank C. OPEN HOUSE

Colma School's Faculty Inform 200 Parents About Curriculum

Approximately 200 parents responded Thursday evening to the invitation of the Colma school faculty to become acquainted with the various experiences provided for their children at the school.

Student body president Kenneth Adelson opened the program by leading the salute to the flag, and by extending greetings to the parents who had gathered in the school multi-use room.

School principal B. W. Gerdes introduced H. Z. Weibel, district superintendent, and Dr. Vinton Stratton, assistant superintendent and director of instruction. Also introduced were the special-subject teachers who explained briefly their work with students.

Lloyd Andrews, vice principal, spoke on the interrelationships between students, teachers, and parents, and then presented the officers and commissioners of the student body organization who served as guides during the evening. The officers were president Kenneth Adelson, vice president Steven Elliott, secretary Patricia Brice, and treasurer Carol Sciaroni. The commissioners included: Lorraine Storm, school spirit; Carla Gomes, assemblies and awards; Judith Logan, school service; and Pamela Greenwood, social affairs. Following the general meeting in the multi-use room, the parents visited the teachers in the classrooms where the program of studies and activities, and facts about the school were explained in more detail.

When asked about the evening, Gerdes stated that the reactions of both parents and teachers indicated it was "informative and worthwhile." He added that a similar meeting would be planned for early in the next school term to enable parents to become acquainted with the opportunities which lie ahead for their children at Colma school.

'Employ Physically Handicapped Week' Observed Throughout U. S.

"This is National Employ the Physically Handicapped Week," by virtue of a proclamation issued by president Eisenhower. It is so designated to call attention to the public at large that persons with physical handicaps are not necessarily unemployable.

"A so-called handicapped person can, if properly placed, hold his own in a competitive world," reminds Fred Parr, San Francisco industrialist. "The records of the handicapped in industry are often greater than those with no infirmities; aware of their problems they tend to surpass production records and invariably their attendance records are without blemish.

Parr is chairman of the local committee to call attention of the aims and objectives of the week. He is also president of the San Francisco Goodwill Industries, the city's largest employer of handicapped persons. He noted that it isn't possible for everybody to employ a physicaly handicapped person, but nearly everyone can assist Goodwill by making contributions of usable clothing and household articles. These contributions are the raw materials that keep the wheels of Goodwill turning; they are repaired and refurbished in the shops of Goodwill and are sold to the public in the Goodwill retail stores.

Goodwill Industries is entirely self-supporting and 97 percent of its employees are handicapped in one way or another. Instead of being wards of the public welfare department, they are taxpayers and contributors to the economy of the nation. By example, Goodwill Industries proves that a man should be judged by his ability, not his disability.

B'MOOR MAPS SECOND CLEANUP DRIVE FOR FALL

A fall cleanup campaign, planting program to prevent erosion and Christmas activities will command the attention of Broadmoor Property Owners association directors at their regular meeting this Thursday night.

Because an initial cleanup campaign held last spring was so successful, the association is considering making the program a twice-a-year event. Jack Baker will report on this phase of the meeting.

Planting of trees in areas not covered with the most recent erosion-prevention program will be discussed.

The Christmas program, which tentatively includes new categories of "best block" and a "candy lane" in the home lighting contest, will be presented by the Rev. Harold Hare.

The association announced that Aquablades Boat club was winner of the drawing to determine which organization would be allowed to rent the Broadmoor community center on New Year's eve.

Democrats Slate 'Doorstep' Drive

Twenty-five precinct workers of the North End Democratic Club will make a doorstep "Dollars For Democrats" appeal in Westlake and Colma this Friday night and Saturday afternoon.

Residents are being notified through the mails that the volunteers will be making the rounds.

Funds will be distributed among local, state and national committees to support Democratic candidates in the 1958 elections.

'Sleepy' Electrician Jolts Two Vehicles

Frank Slevin, an electrician who lives in Westlake, picked the wrong time to go to sleep late Friday night.

Driving home on Fairway drive, Slevin, of 48 Fairlawn court, dosed off. His sedan rammed into a parked station wagon, bumping it ahead a few feet into another parked auto.

Damage to both Slevin and the three vehicles was minor, according to police. The electrician refused medical treatment.

Drunk Driving Costs San Franciscan $400

Charles L. Harrison, San Franciscan arrested here July 22 for drunk driving and driving without a license, received a choice of 60 days in jail or $400 fine when he faced Judge Thomas Bocci Tuesday. He has 60 days to decide.

Chased through a red light, Harrison revealed his license had been suspended earlier for drunk driving. Bocci dismissed the two other charges, but nailed Harrison for drunk driving.

In the only other Daly City case, Arthur Bricker, 449 Hanover, forfeited bail on a drunk arrest here October 1.

FIRE PREVENTION week, October 7-14, was the topic of the day at recent luncheon meeting attended by representatives from all fire departments in San Mateo county. Pictured here are: Sigmund Arndt, chairman of the fire prevention group; Arthur Fox, South San Francisco captain, Frank C. Strictly For Veterans

By Grace J. Hill

When a veteran becomes so disabled that he can't work—or when a veteran dies—his dependents will want to find out about assistance from at least two government sources: the Veterans Administration and the Social Security Administration. Both agencies now administer certain benefits for the totally, permanently disabled, and for survivors. There should be an understanding of what is available from each.

The VA is in charge of compensation to veterans for injuries or ailments resulting from military service. Even where no such condition carries over from active duty, the VA frequently pays 'pensions' to some veterans who are totally and permanently disabled for other reasons, and who have very limited incomes. Survivors of veterans who die (widows, children, dependent parents) may receive from the VA either compensation or pensions, depending on eligibility rules.

The VA also administers veterans' government life insurance, as well as "Servicemen's Indemnity" to survivors of some Korea servicemen. It helps defray educational costs for children whose parent died of service causes.

To workers who qualify through their employment (including military service) the Veterans Administration may pay benefits as early as age 50 if they become totally and permanently disabled. Such assistance might be in lieu of a VA pension or in addition to VA compensation.

Social Security may provide benefits to widows and children of deceased veterans—separately from, or in conjunction with, VA assistance to which they may be entitled.

For a better understanding of these and other sources of assistance veterans and their dependants are invited to stop either at the Veterans Service Office, Redwood City Courthouse, or see the Service Officer of any veteran organization.

Woodrow Wilson Pupils Visited By Congressman

The fourth and fifth grade boys and girls at Woodrow Wilson school were honored last week with a visit from Congressman J. Arthur Younger.

For a half hour he told the children about government as it is today, and as it was yesterday.

Congressman Younger informed the children that California has 30 Congressmen and by 1965 should have 36 or 37. He also reminded them that at the present rate of population growth, California would soon be the most populous state.

At the end of his lecture, the children showered their guest with assorted questions—ranging from his opinion of the President's action in Arkansas to what the place of women is in government today.

Mrs. L. Meany, 512 Vista Grande avenue, was hostess on October 2 to a busy Woodrow Wilson executive board meeting.

Mrs. A. Hermosillo reported on plans for the hot dog sale scheduled at Woodrow Wilson school on October 31. Children will be able to purchase hot dogs, orange drink and cupcakes for lunch.

Mrs. F. McClung discussed plans for the annual Halloween party which the Daly City recreation department sponsors at the school. Plans for fun include cartoon films, talent contest, games, costume parade and prizes galore.

Plans were made to purchase one season ticket to the Youth Symphony association. This will allow five promising music students to attend a series of three concerts to be presented in the county.

The following new chairmen were ratified by the board: Mrs. Calvin Gray, parent education; Mrs. Paul Shimada, international relations; Edgar C. Reid, character thought.

Next board meeting will be November 6 at 12:30 p.m. at the home of Mrs. John Walsh.

Opera Ring Hosts Popular 'Pal Joey'

Colan Carter, who may be remembered for his performances in the Opera Ring's "Kiss Me, Kate," is currently appearing in the role of Louis the Tenor, in the company's in-the-round production of Rodgers and Hart's bawdy "Pal Joey."

Louis the Tenor has only one number—the "Flower Garden of My Heart" scene, in which a chorus of beautiful show-girls parade their talents. Carter makes full use of the bit, turning the sequence into a riotous satire of the "Ziegfield" type show-girl numbers.

"Pal Joey" is currently being presented on Saturday and Sunday evenings at 8:40 at the Opera Ring, 123 South Van Ness avenue, UN 1-1208.

Any Old Rags? OLPH Children Stage Big Drive

The children carrying large shopping bags last Friday morning were not rushing the Halloween "trick or treat" night. They were on their way to Our Lady of Perpetual Help school with the rags they had collected for their rag drive contest.

Only Congress Can 'Switch' Turkey Day

Relax, folks, Thanksgiving will be on November 28, the fourth Thursday of November, as usual.

So reports Congressman J. Arthur Younger, who today wired the White House for confirmation, after receiving a rash of phone calls to the effect that a rumor was about that it would be on November 21.

James R. Tormey, county superintendent of schools, asked Younger for an official ruling also, after he had received queries through various schools as to whether it had been changed.

"An act of Congress specifies that Thanksgiving is the fourth Thursday in November, and the President could not change the date without another act of Congress," Younger declared.

Spirit Week

We're right in the middle of spirit week. Monday was shipwreck day (a dress-up day in beachcombers, bermudas, et cetera); Tuesday: Boys' Twirp Day (boys carry books for girls); Wednesday: Color and Hello Day (freshmen wear red, sophomores, yellow, juniors, green, seniors, white, and the day will feature people getting each other's autographs); Thursday: Girls' Twirp Day (girls carry books); and Friday: Rally (because of the varsity football game with Jefferson and a dancing contest during lunch). The reason we have changed color day from Friday to Wednesday this week is that we want everybody to wear white to the Friday football game.

We have collected about $2-200 in the sale of student body cards, dance tickets, pom poms, book covers, et cetera. Our school pennants were sold out in one day. If we keep this up, we'll be the best school on the Peninsuia (if we aren't already).

Our next dance, October 18, will be sponsored by the sophomores.

LAW IN ACTION

PLANNING YOUR ESTATE

In planning to pass your estate on you may do many things: Draw a will, make gifts and set up trusts, make contracts, take out life insurance, and check and perhaps change the ways you hold title to property — all depending on your special problems.

To plan well you should first know exactly how you stand. Jot down the answers, especially where you keep your documents, all names and addresses of pertinent persons or firms.

1. Your business: Do you hold it as sole owner, partner, or in a close corporation? Any buy-and-sell agreement? Your associates' share?

2. Any employees' pension, profit-sharing plans or group insurance? Who benefits, and how?

3. Bank accounts: Titles, and kinds.

4. Trading accounts, stocks and bonds: Your credit balances? List your securities, their costs, and when and how you got them.

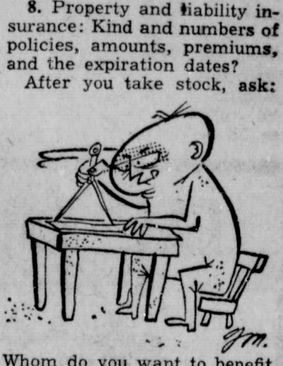
5. Real estate: Where is it? Is it owned individually or jointly? With whom? Its size, nature and worth? Any mortgages? Who holds them?

6. Your rights under trusts or wills of others: Who set them up? Their value? The beneficiaries? Your interests? Who takes the principal?

7. Life insurance: Policy numbers and kind? Value? Who benefits? Their addresses and kinship to you? Have they been assigned? Have you exercised any options? Any loans on them?

8. Property and liability insurance: Kind and numbers of policies, amounts, premiums, and the expiration dates?

After you take stock, ask:



Whom do you want to benefit from your property? How do you want them to share it? What gifts and trusts have you planned? Have you provided wisely for your family or your favorite charities?

W'moor Students 'Hit The Books' Especially Hard

Who said today's teenagers aren't scholars?

Statistics just released by Westmoor High would seem to disprove this theory as 142 out of 800 students earned a grade point average of B or above last year. In fact, 12 of these students attained a straight A average.

Taking the emancipation of women seriously, the feminine sex has soared to the top in scholastic studies, with 77 girls compared to 53 boys earning a B grade and 9 girls compared to 3 boys earning an A grade.

The present Juniors were the ones taking top honors for the most "honor roll" students. Fifty-two achieved that distinction. Finishing in a "dead heat" for second place honors were the Seniors and the Sophomores, both having 45 students "make the grade."

Proving that scholors are not always buried in books, Westmoor's "brains" have rolled up an impressive 5 percent in extra curricular participation. Included in this group are student body officers, varsity and junior varsity athletes, newspaper staffers, and club officers. Here the Senior class shone with 82 percent of its honor students taking an active part in extra curricular affairs. The other two classes are not far behind—the Juniors have 60 percent participation and the sophomores 62 percent.

The best with the books:

Seniors—Irene Bolton, Carolyn Brice, Ellen Cortesi, Barbara Fisher, Sylvia Gardner, Elizabeth Gilfillan, Nancy Goldkuhl, Geletta Hardy, Marcie Jadinak, Peggy Jones, Kathryn Larson, Sandra Levy, Linda Logan, Lorena Lorenzen, Carole Lucas, Irene Mann, Barbara Marshall, Duella Meyer, Helen Patteson, Beverly Sanders, Sheila Shaw, Georgia Smith, Audrey Walker, Gail Walsh, and Jacqueline Willard.

Lawrence Bennett, Robert Berkowitz, James Bolton, Donald Brunette, James Feccia, James Gustafson, David Haberman, Dennis Hill, Gary Huson, James Lansing, Richard Levendosky, Scott Parker, Robert Doane, Larry Pulliam, Eugene Riordan, Richard Schweitzer, Henry Shain, Sidney Swanson, Melvin Tucker and Robert Woodworth.

Juniors — Patricia Adams, Louise Battaglia, Loretta Bayard, Ursula Becker, Louise Beeler, Rich Blakemore, Marie Bouly, Margaret Brant, Joann Bistow, Carol Brown, Larry Britton, Richard Burnham, Joanne Burns, Nadine Caruso,

TV and Radio

TV COVERS BAY AREA . . One of the most important services of a television station is bringing up-to-the-minute news reports to its viewers. However, most programs are usually concerned with national and international stories. World-wide events are certainly important, but what news that is happening right around us? With this thought in mind KPIX last week premiered a newly revamped newcast, "Channel 5 News" (weekdays 6 p.m.) with emphasis on Bay Area happenings. Presenting the daily program is Fort Pearson, a skilled newcaster and reporter, whose background includes many successful years in network television and radio. In talking to him, we immediately decided that he has all the qualities of a good newspaper man. His first concern is the story, and he plans to go anywhere around the bay area where news is being made and bring to viewers on-the-spot accurate reports, supplemented by actual films, taken on the scene.

A great deal of thought and work has gone into making KPIX's news coverage complete. With an augmented staff . . . the latest technical equipment . . . direct telephone connection with suburban areas . . competent stringer cameramen-reporters ready to bring you visual news as it happens, we think KPIX is performing an outstanding public service.

So over a second cup of coffee why not make watching "Channel 5 News" at 6 p.m. a family habit in your home? Who knows you may even see yourself or someone you know as KPIX covers the Bay Area.

"LINEUP" PREVIEW . . . Last week we were privileged to meet and talk with Jaime Del Valle, the distinguished writer-director-producer of the popular TV series "Lineup" which is filmed in San Francisco, at a special preview of the fall series. He told us that they have already completed filming the entire season's programs, and will begin again in March "shooting" for the next series. San Francisco is a picturesque and exotic city and particularly well-suited for the locale of such a program. Del Valle skillfully makes use of familiar San Francisco scenes as he build his stories.

WESTMOOR HIGH ON TV . . . Mark the date Oct. 17, 5:30 p.m., KPIX, on your calendar. On that day, Westmoor High school will be saluted on Channel 5 popular program for teenagers, "Rock 'N Rally," and students from the area will appear on the show.

'PACED LEARNING' TECHNIQUE BOOMS ADULT SCHOOL SIGNUPS

The new approach to adult education introduced last year in the Jefferson Adult School makes it possible for acceptance of students almost anytime during the semester, Director John Ivan said today.

Called "pace learning," the new method makes it possible for a beginner or an advanced student to register late and still obtain full benefit from the instruction at a pace suited to the needs and abilities of the student. This approach is particularly well adapted for students in shorthand and typing classes where small groups at different ability levels receive group instruction and individual attention.

The learn-to-swim class which started Wednesday night has been following this pattern of instruction for a number of years. The class is divided into groups of not more than 10 students, each group having their own instructor. When a student is ready, he is moved up to a more advanced group with a different instructor.

For the first time in its 30 years of serving the Jefferson Union High School District, the Adult School has been granted authority to give credit for night school work and grant a diploma to those who successfully meet the requirements.

Graduation from the Adult School shall be based on the satisfactory completion of not less than 150 semester units of high school work exclusive of physical education. At least 10 of the 150 units must be completed with the Jefferson district. A semester unit is calculated on the number of hours of attendance.

Eighty hours of classroom work is equivalent to five units of credit and classes are so designed that each course yields five units of credit each semester.

Minimum requirements for the diploma call for thirty units of English, 10 units of U. S. History, 5 units of U. S. Government, 10 units of science, 10 units of mathematics and the balance of units in electives. Those interested in completing their high school work, should consult Director John Ivan before enrolling in a class.

Two For Tonight

By Leonore Brewer

Nevil Shute's "On The Beach" (available at the Daly City Library and Westlake branch) has received widespread critical acclaim. This has raised it to the best seller list, an honor only partially deserved.

The story opens in Melbourne in the early 1960's, some time after man has indulged in one of his periodic outbursts of nationalism. Atomic bombs had become so cheap they were available to the smallest nation, so this war lasted only 37 days, but it was long enough to create a cloud of radiation which destroyed all life in the Northern Hemisphere.

The cloud is now drifting down across Australia and will reach Melbourne in about nine months. Never at any time is there any doubt that this will be the end of mankind. This tremendous last act is played by a group of annoying people whose only redeeming feature is that they die quietly and with honor.

Unrequited Love

Lt. Commander Peter Holmes of the Royal Australian Navy is the least objectionable. He accepts his destiny and does his duty to the end. This includes a trip up the coast of North America in the last American submarine, commanded by Dwight Towers.

Towers has shut his mind to what has happened and talks about "going home" to his wife and children. Such convenient mental calisthenics enable him to avoid a love affair with Moira Davidson who faces life well fortified with brandy. Inspired by unrequited love, Moira drops the bottle and takes up a secretarial course she'll never live to complete.

Mary, Peter's wife, is the worst; a positive fountain of plans for next year's garden, and how to protect their clothes from moths, she takes the prize for asininity on page 208.

Imperturbably British

They aren't all as sticky. There's a streetcar motorman who has been driving his streetcar all his life and intends to do so as long as he is able; the racing car enthusiast who tries for and wins the last Grand Prix, and there's one of thise imperturbable British club types.

Only the most cursory attempt is made to picture a modern city faced with extinction, with the attendant riots, looting, breakdown of public services, despair and eventual resignation. The Gotterdammerung of mankind is an overwhelming theme, but Shute has debased it to the level of the soap opera.

Michael Dotterweich Ends Military Tour At Ft. Sam Houston

Dotterweich is terminating 14 weeks of advanced training at the fort's Brooke Army Medical Center after which he will conclude his military service with his local Army Reserve or National Guard unit.

Soldier Schoenberg End Georgia Duty

The eight-week course trained him to receive, process and relay messages by various means of communications.

Schoenberg entered the Army last May and completed basic combat training at Fort Ord.

Rams Picked Over Jeff In City's First 'Big Game'

HOMETOWN FUED

Matisi's 11 'Healthy' For Suffering Tribe

By Roy Hurlbert

Daly City's two high schools clash for the first time in varsity Peninsula League competition this Friday afternoon, with Westmoor a decided choice over wobbly Jefferson in the crosstown feud.

The Indian-Ram grid series starts at 3 o'clock on the Jefferson field. The biggest crowd in Daly City prep history is expected to view the contest.

Both elevens dropped their league openers last Friday. Coach Pete Matisi's Rams took it on the whiskers from Capuchino down south, 55-7. San Mateo's Bearcats ground out a methodical 19-6 win over Coach Joe McGrath's experience-shy and injury-smitten Tribe here.

Rams Recovered

Though clobbered by Cap, the Westmoorites came out of the lesson in healthy shape and much the wiser. Nobody is supposed to make the San Bruno squad lose any sleep this semester.

Jeff, on the other hand, is in sorrier physical fitness than it was a week ago. San Mateo, thanks to ace Bob Devencenzi, had little trouble outpointing McGrath's punchless and thin unit on Friday.

Quarterback Paul Tapia and scatback Sonny Martinez, the guns in the Indian camp, sat out the debut with "knees." Also missing were soph starting center Bill Dixon, and veteran guard Neil Dunsford.

Tapia may do his duty this Friday, but he won't start. Junior Jerry Kennedy, who took over for second stringer Vic Lewkowitz late in the San Mateo scrap, will be at QB. Lewkowitz is still bothered by neck pains incurred in combat.

Sonny Doubtful

Martinez isn't likely to go at all. McGrath says the speedster's knee is worse this week. Another senior dependable, fullback Pat Lena, banged his knee against the Bearcats and he's sidelined. Herb Dirks returns from the sick list as Joe's only fullback. Jim Ahern, third string FB, was hospitalized overnight for head injuries sustained in Friday's lid-lifter.

McGrath will use junior Walt Schuetz for Dunsford up forward. Sophs Art Banos and tiny John Margaroni will occupy halfback slots.

A Jefferson team, to the best of McGrath's recollection, has never been hit so hard by injuries.

Matisi, expecting a close game just the same despite Jeff's ailments, has another edge — the much more line weight.

Ram tackles Mike Abrahamson (220) and Jim Lansing (215) are due for their best work of the season. Bob Simi, 205-pound senior guard, isn't back in shape, but his regular partner, Paul Giomi, and versatile Bob Roller, are strong at these slots. Marty Knedel can go full speed at center.

Woodworth Casualty

Ray West is ready again at left end, teaming with reliable Sid Swanson. Bob Woodworth, string-bean Ram end substitute, broke his leg when he took over ailing West against Capuchino.

Matisi has demoted halfbacks Larry Schoenfeldt and Leo Wyrick. John White, a demon on defense, will answer the kickoff at left half. Rich Hottal assumes Wyrick's spot at right half.

QB Dave Simons, who impressed even Cap boss Paul Baldwin, and fullback Larry Harper also figure to worry Jeff considerably.

Jeff's hope for a triumph depends much on Kennedy's ability as a passer. He has two good receivers in Pete Garcia and Bob Berry. Garcia, a multi-talented junior, was outstanding with his punting and defensive saves last Friday.

Kennedy and Lewkowitz connected on only two passes in 18 attempts against San Mateo, according to official statistics. Westmoor's Simons hit 9 out of 18 for 125 yards in the Capuchino encounter.

JEFFERSON will run into 435 pounds at tackle this Friday in the persons of Westmoor starters Mike Abrahamson (left) and Jim Lansing. Mike is heftiest of the two, scaling 220. The Rams are favored to turn back their cross-city rivals in the first varsity football meeting between the two schools. The game starts at 3 o'clock at Jeff.

Slightly One-Sided?

CAP PARALYZES W'MOOR — 55-7

Working his first-stringers overtime to build a reputation, Coach Paul Baldwin watched his loaded Capuchino eleven wax Westmoor with a 55-7 lesson in the finer points of football Friday at San Bruno.

Pete Matisi's Daly City squad weren't too long in holding off the avalanche, finding themselves behind 21-0 late in the very first quarter.

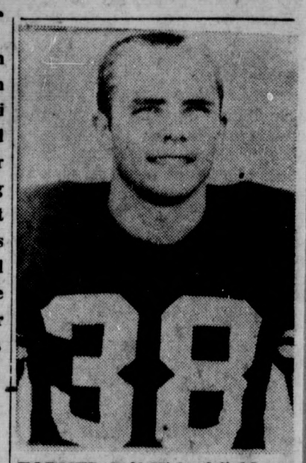
Baldwin's big offensive trio of Gene Tagliaferri, Jerry Scattini and John Papini had a field day, thanks to protection from a line that could be one the Peninsula's greatest in years.

Tagliaferri, a brute of a lad, passed twice to Scattini for six-pointers and rambled 93 yards on his own for another tally to climax his best afternoon.

Cap outscored Westmoor in the first half, 28-0, and in the final two quarters, 27-7.

Ram QB Dave Simons got Matisi's crew their only tally late in the going with a 34-yard pitch to fullback Larry Harper. Simons posted .500 marksmanship for the tilt, hitting 9 for 18 via the airlanes. One of his tosses, however, was intercepted and brought back 93 yards for a TD by Rich Weiger.

In total yardage, the San Brunans chalked up a 407-142 advantage. Westmoor managed only 17 net yards through the Mustang line.



FORMER Jeff Hi backfield ace Jim Honeywell has recovered from a shoulder injury and is expected to see duty soon for Stanford's Indians. Coach Chuck Taylor can use the sophomore fullback, too. Stanford's first two fullback veterans are sidelined with injuries.

Indians 'Devincenzied' In Loop Opener, 19-6

Fancy-stepping Bob Devincenzi's two end zone trips—one an 85-yard punt return—and lack of offensive punch by Jeff gave San Mateo's Bearcats a 19-6 Peninsula League victory Friday here.

Devincenzi's 13 trips with the pigskin accounted for 103 yards and 12 points, and pretty much told the tale. Blowing an early first period scoring opportunity, Jeff was never in the ball game after the invaders banged for two tallies before the second quarter began.

Coach Joe McGrath, withered by injuries that should turn his hair white, wasn't critical of the Indians' showing.

San Mateo merely had no hospital list, Devincenzi, and very little to worry about.

Ailing backfielders Paul Tapia and Sonny Martinez, the QB and RH, sadly watched the game from the sidelines. Had they been in there, the outcome could have been close.

Dwayne Cook's recovery of a SM fumble a few minutes after the opening whistle gave Jeff the ball on the Bearcat 15. But four plays thereafter the visitors took over on downs, yielding not a yard.

Moments later, Devincenzi, working a bit of slippery trickery with co-safetyman Rich McNight, took Pete Garcia's punt on the SM 15 and light-footed it down the sidelines for the first touchdown. The dash was a tribute to Devincenzi's broken-field ability.

Vic Lewkowitz, jittery pitchout to Art Banos paved a second SM tally later in the same period. Bill Brestal, Bearcat QB, then shot a long pass to Steve Dunbar in the end zone, but a penalty erased the maneuver. Undismayed, Brestal then marched his mates 30 yards on seven plays for SM's second six-pointer. Fullback Knight plunged to cap the drive. The conversion boot made it 13-0.

Line Weakens

The second period see-sawed with little results, though SM's weight began to wear down McGrath's forwards.

The Bearcats' final TD journey consumed 6 plays and 80 yards, coming after the kickoff opening the third period. Devincenzi knifed over from the 2.

Bob Barry grabbed a SM fumble just before the gun to set the outmanned Indians up. Pat Lena, Jeff's busiest hauler Friday, boomed off tackle for the score.

Ex-DC Coach Successful In JC Grid Debut

Frank "Dutch" Meyer, former Westmoor High coach, made a winning debut as Hancock JC football boss when his Santa Maria eleven posted a 20-6 decision over Oceanside JC.

Meyer writes that his best performer in the opener was guard George McNutt, a starting tackle for Joe McGrath last year at Jefferson High.

Rod Ford and Gary Frink, two South City preps, also played for Dutch in the lid-lifter,

DC-Colma Lions Rip Coastsiders In Golf Tourney

DC-Colma Lions won back the perpetual team trophy Thursday when they nipped the North Coastside Lions in their second grudge match at the Sharp Park course.

Monument man Elio Fontana, the golfing school board chairman, blazed to low net honors with a 72 for 18 holes. Fifty-five hackers participated.

Harry Curusis, calculating accountant, won the booby trophy, engraved "The World's Worst Golfer."

The DC-Colma margin of victory in team scoring was by a slim 1½ strokes.

Tribe JV Squad Faces Capuchino

Jefferson's junior varsity gridders open their Peninsula League schedule next Monday by invading Capuchino.

In their first live scrimmage Tuesday against Balboa's reserves, Coach Frank Pustay's Indians held the upper hand.

Halfback Wayne Lewis, breaking away several times for long gainers, earned a promotion to the Indian varsity.

"That's one of the hazards of being a jayvee coach," commented Pustay. "You get a good boy and soon he's transferred to the varsity."

Pustay's tentative lineup for the Cap game will find Mike Wills at QB, Irv Wong and Marty Cosgrove at the halves, and Bob Lall at fullback. John Horn and Gil Moreno will be at the ends, Jerry Sifford and Ed Kirstine at tackles, Bob Butler and George Crist at guard, and Del Pickering is the center.

BRISBANERS BLAZE AGAIN FOR SHUTOUT

Brisbane Market's blazing bowlers maintained first place and four squads posted sweeps Tuesday night in DC-Colma League play at Brentwood.

The Brisbane entry took three games from sinking Edisco as J. Bell Sr. and J. Gomez set the pace. Bell rolled a 528 series, Gomez a 201 second game.

Lou Amrofell grabbed second place with a shutout over United Market. F. Olmo was the sparkplug with a 517 series.

MIDGET CHAMPIONS

Broadmoor Baseball 9 Sweeps Two Crowns

Broadmoor Youth Association won the Junior Managers League title and mythical San Francisco Midget championship Saturday by downing the always dangerous Portola Yankees, 8-4, at Balboa park.

Steady Bruce Hix turned the trick with a seven-hitter, fanning seven batters and walking two. The victory ended BYA's season with a record of 29 wins and only three losses.

Losing hurler Bob Gonzales gave up nine hits, struck out five and yielded eight free passes.

Ray Calcagno's two-run double gave the Yankees an early lead. Catcher Larry Skinner's long triple sparked the BYA comeback in the third, a six-run outburst for the locals. A double by Jerry and key singles by John Vocke and Hix helped the cause.

Broadmoor's two "insurance" tallies in the fifth came on Alan Stoller's double and Wayne Stoller's single.

Coach Randy Hix cited John Bennett and Alan Contreras for "outstanding" infield duty. Bouquets also went to outfielders Jim Fisher and Dan Dempsey.

Parents of the BYA kids will present awards at a banquet this week. Skipper Hix will be the emcee.

TITLE TIMBER?

Jeff Lightweight Fives Whip Rams, Burlingame

Mike Orlich's unbeaten Jefferson lightweight basketball teams lead the Peninsula League today with two straight victories.

The Indians two-timed Westmoor last Thursday, 38-22 in the 10's and 44-33 in the 20's. This Tuesday, Burlingame's quints fell to the locals, 41-20 and 49-29.

Westmoor bounced back Tuesday with a sweep over South San Francisco, taking the 10's 28-25, and the 20's 26-9.

Against Westmoor, Mike Schultz paced the 10's with 10 points. Terry Christman got the same tally for the losers. Forward Rich Mortola's 18 points featured the 20's win over Westmoor. Martinez led the Green and White with 13.

Sonny Stroller bagged 1 points for Orlich's 10's as they routed Burlingame. Joe Vaez a newcomer to the Indian 20's was high in the second contes with six field goals.

Gator Water Poloists Seek Third Victory

San Francisco State's water polo team will try to make it three victories in a row when they play the Stockton Pacific Athletic Club in Stockton this Saturday in the valley city.

Gators Outlast Humboldt, 28-14; Await Fresno 11

San Francisco State football team, fresh from its first Far Western Conference victory over Humboldt State, 28-14, last weekend, runs into the always-dangerous Fresno State this Friday night here at Cox stadium. Kickoff is at 8 o'clock.

Head Coach Joe Verducci has sent out an all-points bulletin to his varsity players to be ready for their toughest test of the season despite the startling fact that the Fresno team has yet to win a game. The Bulldogs have been defeated by Montana State, College of Pacific, and the San Diego Marines.

Bulldog mentor Clark Van Galder, despite his team's weak showing to date, has a "loaded" bench with such top players as fullback Dean Philpott, center Don Kloppenburg, and end Ronnie Lopes.

Sad news hit the Gators this week when Verducci reported that Jim Puccetti, reserve fullback, will be lost to the squad for the season due to a broken ankle suffered in the Humboldt game. Jim had answered Joe's call for help earlier in the week because of Fullback Bob Rodrigo's ankle injury.
